Career Clusters

Career Clusters Exploration Worksheet

Write your answers to the following questions.

Introduction

What is your dream job? Why?

_____

_____

What classes, activities, skills, or topics spark your interest?

_____

_____

What classes, activities, skills, or topics do not spark your interest?
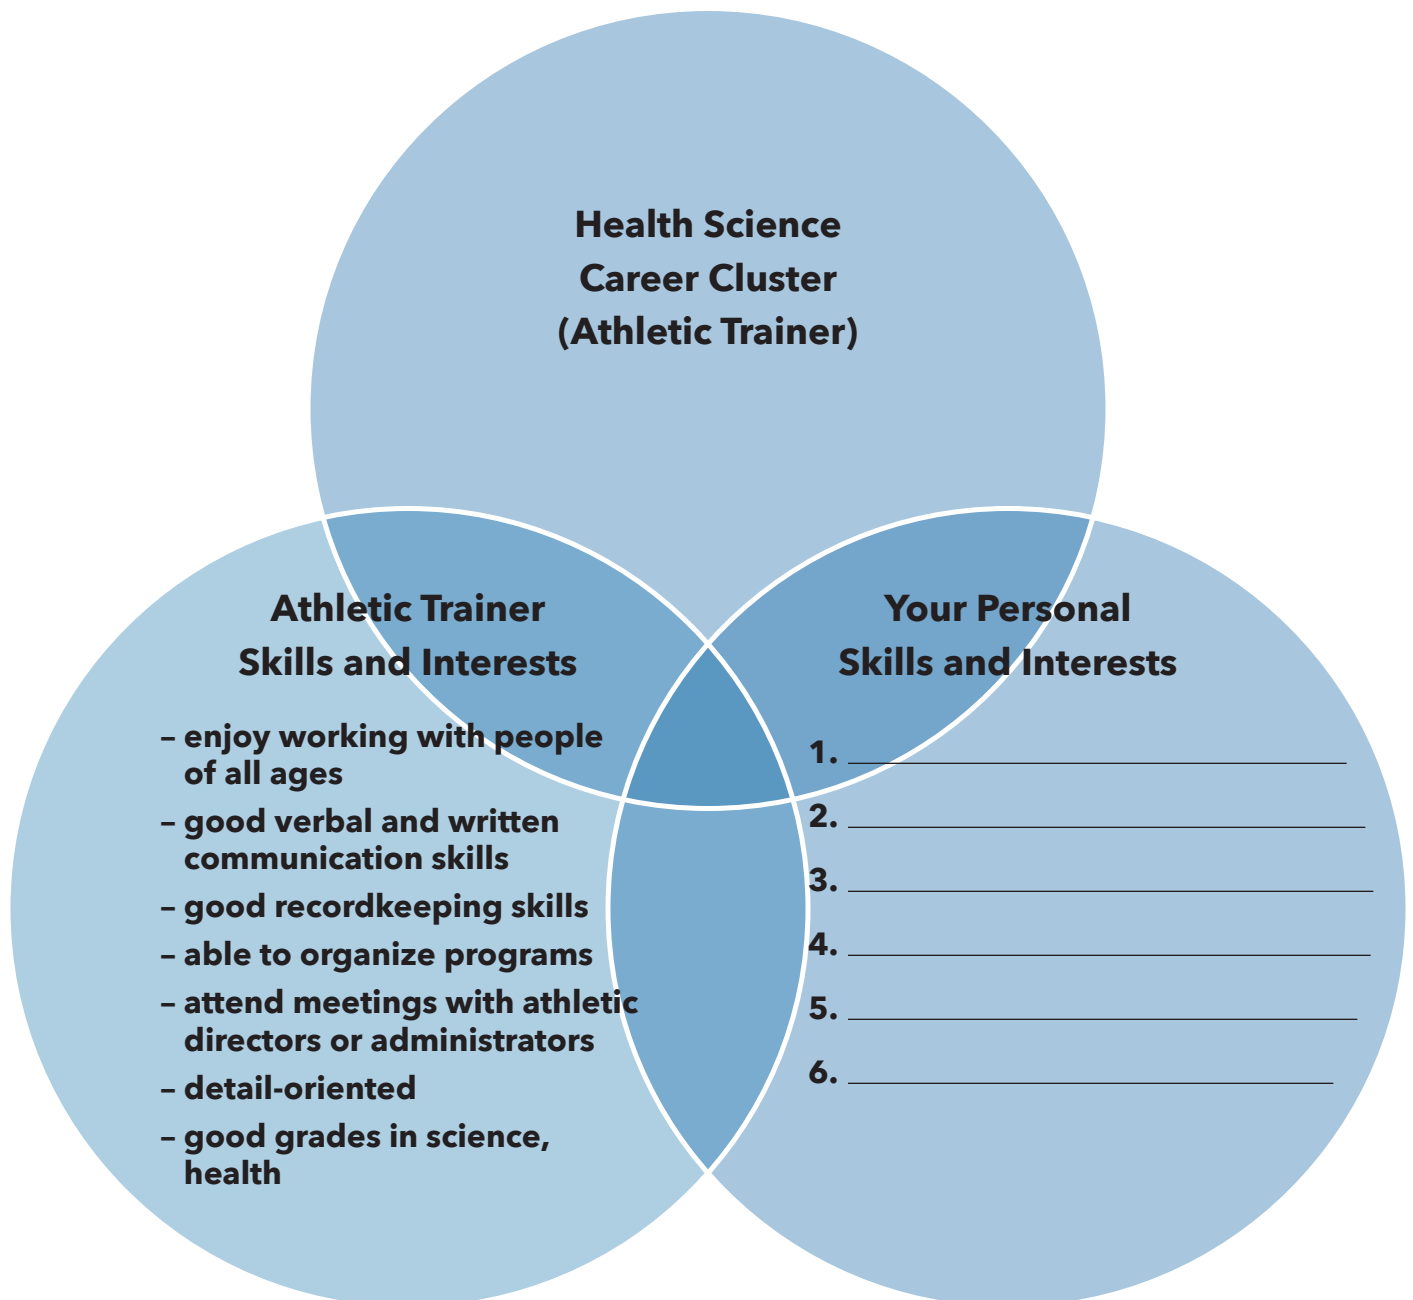

_____

_____

Career Clusters

Part 1

Instructions: Review the skills and interests of an athletic trainer listed in the left circle of the Venn diagram. You may also reference the Career Clusters infographic to review the skills and interests within the health science career cluster.

To complete the Venn diagram, list your own skills and interests in the circle on the right. Think about things that interest you, the classes you like, or activities you enjoy doing. For example, maybe you really enjoy working with people. Or you are detail-oriented and like biology.

After you have completed the Venn diagram, answer the questions.

**Health Science
Career Cluster
(Athletic Trainer)**

Career Clusters

What skills and interests do you have in common with the Health Science Career Cluster and an athletic trainer?

_____

_____

Were you surprised by any of the similarities in your Venn diagram? Why or why not?

_____

_____

Career Clusters

Part 2

Instructions: Using the Career Clusters infographic, select a cluster and career that interest you. In the circle to the left, write skills and interests associated with the career you chose. You should reference the Career Clusters infographic to review the skills and interests within that career cluster.

To complete the Venn diagram, list your own skills and interests in the circle on the right. Think about things that interest you, the classes you like, the activities you enjoy. For example, you may enjoy working with your classmates, learning a new game, or helping your siblings with their homework.

After you have completed the Venn diagram, answer the questions.

Pick a Career Cluster that interests you
